

Avdel® 73200 Lockbolt Tool

Featuring a patented hydraulic design and using the latest sealing and guiding technology, the Avdel® 73200 delivers unmatched fastening efficiency and dependability.

Key Features and Benefits of the Avdel® 73200 lockbolt tool

- Hydro-pneumatic handheld tool for Avdel® lockbolts.
- Ergonomic design with comfortable handle to reduce operator fatigue.
- Head shape optimized assembly access.
- Static deflector. Fixed head length as no external moving parts.
- Lightweight, stress-free Genesis® pneumatic trigger operation.
- Forged aerospace-grade aluminium-alloy one-piece head and handle.
- Maraging steel head piston and air piston rod for improved robustness and long life

Weight (without nose equipment)	4.9 kg
Pull Force (@ 5.5 bar)	28.5kN
Stroke	21 mm
Cycle time	3 seconds
Noise Level	< 75 dB(A)
Vibration	<2.5 m/s ²

Fastener Brand	Size mm (inch)
NeoBolt	8.0 (5/16")
Avbolt	4.8 (3/16")
	6.4 (1/4")
	8.0 (5/16")
Avdelok	4.8 (3/16")
	6.4 (1/4")
	8.0 (5/16")
	9.6 (3/8")
Avtainer	10.0 (3/8")
Maxlok	4.8 (3/16")
	6.4 (3/16")
Monobolt	10.0 (3/8")
