

POP® ProSet® PB3400

The POP® ProSet® PB3400 is a battery-powered tool for structural blind rivets.

Key Features and Benefits of the POP® ProSet® PB3400

- This powerful high-speed cordless power tool offers great strength and endurance. It comes equipped with a long-lasting DEWALT XR Li-Ion battery capable of placing an average of up to 1000 ø6,4mm structural blind rivets per charge (4.0Ah battery).
- The POP® ProSet® PB3400 allows for time-saving continuous operation in production environments without "tool overload."
- Lightweight but strong
- Durable brushless motor that requires minimal maintenance
- Quick-release nose housing and jaw guide removal
- Rivet holding mechanism. Rivets do not drop out at any angle
- Quick-slide battery installation
- Integral mandrel collector with large capacity for storing spent mandrels
- Quick-release removable mandrel collector for easy emptying
