

POP® ProSet® PB2500 Tool

The POP® ProSet® PB2500 is a cordless, battery-powered riveting tool designed for portability, durability, and easy maintenance.

Key Features and Benefits of the POP® ProSet® PB2500

- It offers many innovative high performance features including a patented quick-disconnect nose housing and jaw case for rapid cleaning and maintenance of the front end without the need for any tools.
- An extended 5" (140mm) front end is also available for extra reach in special setting situations.
- Lightweight polymer construction.
- Comfortable two-finger low-activation force trigger.
- High force-to-weight ratio.
- Prevents unscheduled downtime, combining the benefits of long lasting DEWALT lithium-ion battery with industry leading charging time.
- Installs 1,100 Steel 4.8mm (3/16") blind rivets with a single charge, using a 2.0Ah battery.
